

The Office of Geographic Information (OGI) provides geographic information services to governments, academia, industry and the public.

The Office:

- Supports the GI Council with technical assistance
- Coordinates and promotes geographic information awareness, activities, data and training
- Develops standards, policies and operating procedures
- Maintains a centralized statewide clearinghouse of accurate and timely data while protecting data security
- Facilitates data development, sharing and access
- Fosters the values and benefits of GIS technology to ensure good stewardship of the State's resources.
